

GRASS TRACK (PADDOCK BASH) MONTUMANA

Great turn out with some 70 riders turning up and making the day a success with some really good racing. Rider of the day I reckon was Lee Douglas by putting on a real demonstration of Motor Cross style. Many years of Motor Cross made the paddock bash look easy.

Not as many little bikes as we would have liked but maybe next time. All other classes well contested and everybody having a lot of fun.

The Oddysey's being another highlite of the day with Lee Marshall in an old Red machine taking out the event on the day. It seems that beach racing and grass is a favourite at the moment so there will be one of each later in the year.
