KAYNE'S CHATTER - PRESIDENT'S REPORT

Hi All,

Saturday started out very cold but right from the time the daylight shone through you could tell this was going to be a cracking day for racing!!

I'd like to firstly thank Derek Gee for the venue & special mention to all the guys that helped on the morning set up the start grid and transponder loop this was greatly appreciated.

The juniors got underway a tad late due to the greasy conditions but it was soon clear after a couple of races that this was a real challenging & fun track for all!

There were some great battles right across the classes all day. Congratulations to all the place getters and in fact anyone that completed a lap of this large track.

I was so pleased how the track turned out at the end of the Saturdays races I couldn't get home to bed quick enough as I was excited with how the seniors were to be treated with a real prime track!!!

Sunday rolled around and it was not what I expected!! We had a rather heavy drop of rain overnight and it was freezing. The track was not looking flash so I made some changes grabbed my bike and headed out for a lap. I admit it was slippery but not beyond holding up for three rounds. I made the decision to go ahead with the event, as a bit of mud and rain don't hurt you.

Round one started off and the track started forming dry lines with a real promise of what I had hoped for. Then came the snow shower and that just ruined another senior grass track unfortunately.

I take full responsibility for giving it a go but we can't predict what the good old Tassie weather is going to dish up.

Next up is Meander and this promises to be a really fun track so get your bikes sorted and you bush skills dialled ready for our last enduro of the season bar the 8Hr.

See you there

Kayne Davern #29
President

Clean bikes & gear

Just a reminder that all bikes and gear - especially boots - must be clean before racing. Any bikes not deemed clean enough won't be allowed to race.

Tear Offs

No tear offs are allowed at any TERC event. If found they will be removed.

Track Building

At a recent committee meeting it was decided that there will be no free entry for those who help at track building in the future. Everyone needs to lend a hand when and where possible to make the club run.

**NO TRACK BUILDERS
 = NO TRACKS
 = NO RACING**

JUNIOR DIRT

The Junior races of late have been very lucky with the weather. Both Latrobe Enduro x and the last grass track were both quite fine days for a Tassie winter.

Squibby and his many helpers put together a real challenging track which by the end of the day was getting pretty tough on even the bigger juniors. Well done to all that rode and finished the day.

The grass track with its rolling hillside nature also proved very challenging for many riders. I really enjoy seeing our future champions being tested out, even in the paddock, it really makes the skill level improve. Kayne deserves an extra pat on the back for this one as he spent heaps of

hours just before the Sat, putting all the tape back up after wind damage. Good on ya captain, next time call out for a hand please. It should also be noted that the riding of bikes after the final race is over is not allowed. If you think you are welcome to ride outside of the racing format you are mistaken. If you think this is not fair, come and speak to Kayne or myself and we will set you straight on why our club has guidelines and rules for all our riders.

See you all at Meander, bring ya beanie

Regards Matt

QUAD REPORT

I would like to thank all track builders for their efforts in building the last grass track @ West Pine. This would have been great if it had not been for the weather letting us down the night before.

Please don't be negative to Kane, the committee or myself for the cancellation of the event - we really wanted it to happen & tried our hardest to do the right thing but the rain at 11am made it impossible.

Looking forward on a positive note our next event will be an Enduro at Meander. John Elliot & myself have built a great track which should suit all - let's hope for good weather.

***Thanks
Clinton Sheridan***

LADIES REPORT

Bakers Beach enduro was a very technical and awesome track. It was good to see more ladies participating in the enduros each and every time. Hope to see more ladies at the next event. Last enduro before the 8 hour in November. The next event is an enduro at Meander where the ladies will be racing for 2 hours. Check out the website for more information!

Melissa #112
