Hi to you all,

At last the sun shone and the rain stayed away... as you all know we have been under the pump to try to get some racing going but it happened and what a fantastic weekend.

The track builders what can I say, they spent all Friday in the rain finishing the track prep and turn up each day at 6am to make sure you can go racing. Danial, Linc, Conner, Troy and you Minions are awesome, a big thanks from the whole club. To the back bone of our club Ashlea, I say it all the time how amazing you are, you never stopped working all weekend; Rachel and Jaycob you are an awesome team and so professional at the whole My Laps thing we would be lost without you - BIG THANKS. What would we do without Rod sometimes we forget that you are even there during the day until someone gets hurt then you turn up like Superman, you were quiet Saturday with not much to do, but Sunday was a different story. Adam Butler, Brandon Walker, Dylan McCall, Josh Booth and Scott Wallaby Murfett all needed you to patch them up and get them to hospital. I think all the boys are okay, we would like to wish you each a speedy recovery and see you back soon. If someone has more info on them can you, please post it to keep us in the loop. Ashley Butcher you are like the pied piper with the Pee Wees, you always give 100% and take things all in your stride and stress a lot. The kids love you because they know all you do is just for them. I think that some extra help prior to race day from a few parents would help a lot. So I am asking you parents to put your hand up and try to help Ashley as we have a couple of big weekends coming up soon. When I got down to watch the racing at the Pee Wee track the little people were all smiling and having a good time in the mud if they went racing they were playing in the mud. I'm sure Ashley will post more details about the racing in his column well done to you all. I love this part of our club as I have seen a lot of awesome riders start in Pee Wees, so remember kids just have fun.

Bret Wilson and his gang junior riders, it was a tough day for some but you got through it and I am very proud of you all, you can't all be winners on the day but you are all winners in my eyes just for finishing the day. The racing is always keen in juniors, we have had so much rain this winter I hope when we get to Loyetee it won't be as tough. With the racing starting at different times it does make a long day and feels like not much is going on but all went to plan. The other thing that will happen for the rest of the year is that the Quad racing will continue to be on Saturday as it makes our Sundays a bit shorter. At the moment the Quads are not big in numbers, I have been thinking about this and have a couple of ideas and I am talking to Clint and a couple of other people. So we can boost this part of our club for next year, the quad riders always put on a good show, racing on Saturday also gives the junior side of our club a look at what they do, this can only be good. The only thing that happened on the day was in the bigger junior pit area, there was some bad behaviour by some people, they know who they are, I will sort this out with them face to face soon. I will not tolerate swearing and personal attacks in public in our club, not for 1 minute, if anyone does this again they will be sent home and given the rest of the year off, make no mistake it will happen. With behaviour like this it reflects badly on the club and we are trying to bring new people in not turn them off. The thing to do if you have any problem or see something, please find me or clerk of the course and it will sorted out.

Well done to all the riders and winners, remember kids please thank your committee members on race day because we do this for you. Sunday early starts are so good as it leaves us plenty of time for clean-up and we need it.

The day went off very well except for the injuries, but that is racing sometimes things happen, don't they Scott Wallaby Murfett. It was fantastic to see some older riders turn up, it was like a blast from the past and the old boys kicked a few butts. It was a tough event and that is the way it rolls sometimes, all we need now is some dry weather and all will be ok. I would like to thank all those who helped clean up on Sunday it was very much appreciated we still did not finish until 5 o'clock and we still have a few jobs out there to attend to but it is under control. Congratulations to Linc for a fantastic ride, Tom and Baylee were hot on your hammer all day but you were a class of your own, to the other winners and riders well done.

I saw something funny on Sunday and thought I might share it. Picture this... Dom Booth rides into the fuel area, big Muzza rushes to his aid and performs a swivel pirouette 6.5 degree of difficulty and a perfect landing on his bum in the mud, glad we all saw it.

Just a note about the next grass track, it's going to be a big weekend we are trying to raise some money for Ronald McDonald House so keep watching our posts for the details, Kayne is all over this. Bike displays, vintage bike racing pre 80 and 90, extra Pee Wee racing Sunday. So if you can tell your family and friends to turn up that would be awesome.

See you all at Loyetee

BRETT'S JUNIOR REPORT

Hey

Bakers Beach Enduro wasn't it great to be back in the bush

A Big Thankyou to the track builders awesome work again boys and to the sweep riders on the day. Well done and Thankyou. To the lady's in the caravan great job again also. Everyone that helped out on the day Thankyou the smallest thing helps a lot.

To the riders great to see the smiles on your faces at the start line and at finish line in all classes well done to you all Awesome .

1st time on a junior day was the quads great to see hope it worked for you guys as well.

See you all at the next Enduro .

Brett

Junior Rep #543

MELISSA'S LADIES REPORT

Hey,

It was awesome to be back racing and Bakers Beach Enduro was a fantastic track. Thank to all the track builders for putting in the time and effort to not only build the track but to pack it up as well, Without those people these events wouldn't be possible.

There were only three ladies that raced Bakers, It would be really good to see more ladies giving it a go as well. Please if you know anyone that is interested in giving it a go please encourage them to come to any of the races because there are a lot of people that would assist them if needed throughout the day.

Congratulations to Sophie for a fantastic effort she is really showing some of the men how to ride.

The next event will be a Pony Express at Loyetee on Saturday the 24th (Juniors) and Sunday the 25th (Seniors) of September 2016, See map at the end of this newsletter.

Please remember we rely on volunteers assisting to make race days run smoothly so whether you're a racer, parent, friend or partner please speak to an official if you're willing to lend a hand or track building for an upcoming events your help would be greatly appreciated.

See you all at Loyetee.

Bakers was a well set out track, very rough and challenging in some places. Thanks again to the track builders. Unfortunately Andrew Jackson and Joshuan Booth crashed out very early in the race, reducing the finishing field to eight riders. We hope they have recovered ready for Loyetea. It was good to see a few new faces turn up for what was one of the toughest tracks of the season including another female in the ranks and the two girls racing their first Enduro. We hope to see them again. It was also great to see a tight contest between the top riders and racing on Saturday proved successful with a slight improvement of numbers and a fresh track to break in. Try and encourage your mates to come along and give it a go and we will see you all again at Loyetea.

Cheers,

Mav #95 & Kalila #82

— Terc News & Updates —

A reminder to all rider's...

the pit area is to park your bike ONLY so that means when ENTERING the pits ride slowly and cautiously we will not tolerate showing off to mates because it can just take someone to walk out in front of you or another rider and you could cause injuries to someone or damage to bikes it also goes without saying do not touch anyone else's bike or gear.

NUMBERS ON BIKES

You must run your allocated Terc Number on your bike Front and both sides, failure to do so will result in no racing!!
No exceptions.

Indemnity Forms are to be filled out at the caravan each morning before the event starts for all Sweep riders, Photographers, Flaggies and People who want to help on the day you are provided with a wrist band and need to have a Fluro Vest on at all times, if you have a Fluro Vest or Jacket please try and bring yours along and also if you are under the age of 16 you are not permitted on the track.
