Royce Smith, Stuart Chugg, Bill Broad,

Matt Woodhouse.

KAYNE'S CHATTER - PRESIDENT'S REPORT

Hi All,

Well firstly I would like to thank the McCarthy family for once again letting the club race at Pipers!!! A massive shout out to those who took time with helping track set up/ pack up (an extra special mention to Squibby & Jacquesy for a total of 4 weekends spent on this event!!). Also I'd like to thank Chuggy for all the time he puts into our wonderful club event after event - very much appreciated.

It was great to see the return of the enduros as it had been well over twelve months!!

Saturday was greeted with a light covering of frost but this was just perfect (maybe not for those who camped!!). The juniors were greeted with a track in prime condition which is pleasing especially after the time and effort put in. The smaller juniors went first on a track about 10km in length and from all reports they had a ball.

The afternoon was to see the big juniors hit the track with a nice 13 km loop set for them and it was good to see some very close racing for 2.5 hrs.

The pee wee track was full of activity all day with the the first group doing an hour & the second group doing 2hrs. There was lots of talk of this being way too long for the small kids, but I'm hearing they had an awesome time which is great. And I was able to get over a few times throughout the day and noticed that some of these kids managed

around 50 laps or more!! Now that's making the most of a 2hr drive.

Sunday was the same chilly start and the 2 wheelers went up first for the 3hrs. Reasonable numbers turned out and let's just say that the guys/ girls that didn't make this event you will all be very disappointed as I personally think this was the best track for some time! Close racing up the pointy end was how this event turned out and congratulations to all place getters outright and in the respective grades.

The quads went out last and it was decided that they would tackle 3 laps of this 18 km loop and although numbers weren't huge the ones that attempted this well done!! I happened to position myself around the track in various spots and from the amount of head shaking and a few choice words I must say it was evident the 3 laps was a great idea - haha well done.

Pipers is done and dusted for another year so it's time now to get those bikes and your gear sorted as next up is another 3 hr enduro at Sprent!

I would like to pass on all the best to all TERC riders that are having a crack at Finke and by the time you read this you should be back and ready for Sprent.

See you all at Sprent

Kayne Davern #29
President

Track Building

At a recent committee meeting it was decided that there will be no free entry for those who help at track building in the future. Everyone needs to lend a hand when and where possible to make the club run

.NO TRACK BUILDERS
= NO TRACKS
= NO RACING

JUNIOR DIRT

Sun, sand and surf!

Ok maybe not the surf. But still how lucky were we with the weather at Pipers? It was a cool start for sure, but things soon warmed up. Kayne and his crew did an awesome job of putting together a real testing loop for our second Junior enduro for the year. The sand base at Andrew McCarthy's property always makes for some great loamy single trail and woops that must seem like mountains to our smaller juniors. Myself, having spent most of the day near or in the pits, helping all level of riders in most grades, was a real fun time. I had a ball seeing the grit and determination from many of our young riders as they pulled in for a splash of fuel and a quick drink and sugar hit. Chatting with a few riders after they finished many spoke of blisters. Powder in the gloves or silky tape is a good idea for those that suffer from blisters.

Sprent is our next event, and will be a complete contrast from Pipers. No sandy trails there. A clay base with a bit of gravel here and there. If anyone is keen to see what the track is like keep an eye on facebook for any updates regarding track building sessions. If you wish to help out but are not sure how do get involved, feel free to post an expression of interest or call any of the committee members. Would be great to hear of a few new helpers by the time the flag drops at Sprent.

Chow for now - Matt

Sprent track building

**This Saturday and Sunday at 10am.
Meet in the pits.**

LADIES REPORT

What a perfect day and weather for the Pipers River Enduro and we saw 5 ladies line up for the 2 hour enduro.

What an awesome track especially on the first few laps. But by the last few it was becoming a challenge track.

Congratulations to all the place getters on the day but to keep the ladies class running we need more numbers. So girlfriends, wives and daughters come along and give it a go! If you're over the age of 16 and have a senior sizes bike then you can race senior events.

The next event is an enduro at Sprent where the ladies will be racing for 2 hours. Check out the website for more information!

Melissa #112

Clean bikes & gear

Just a reminder that all bikes and gear - especially boots - must be clean before racing. Any bikes not deemed clean enough won't be allowed to race.

Tear Offs

No tear offs are allowed at any TERC event. If found they will be removed.

QUAD

Transponders

Can all quad riders mount their transponders vertically for the next event please. We are going to see if this improves the signal when crossing the transponder loop.

TRANSPONDERS

Just a reminder that your transponder needs charging a couple of days before the next race otherwise your bike won't register on the timing system.

Lost Property

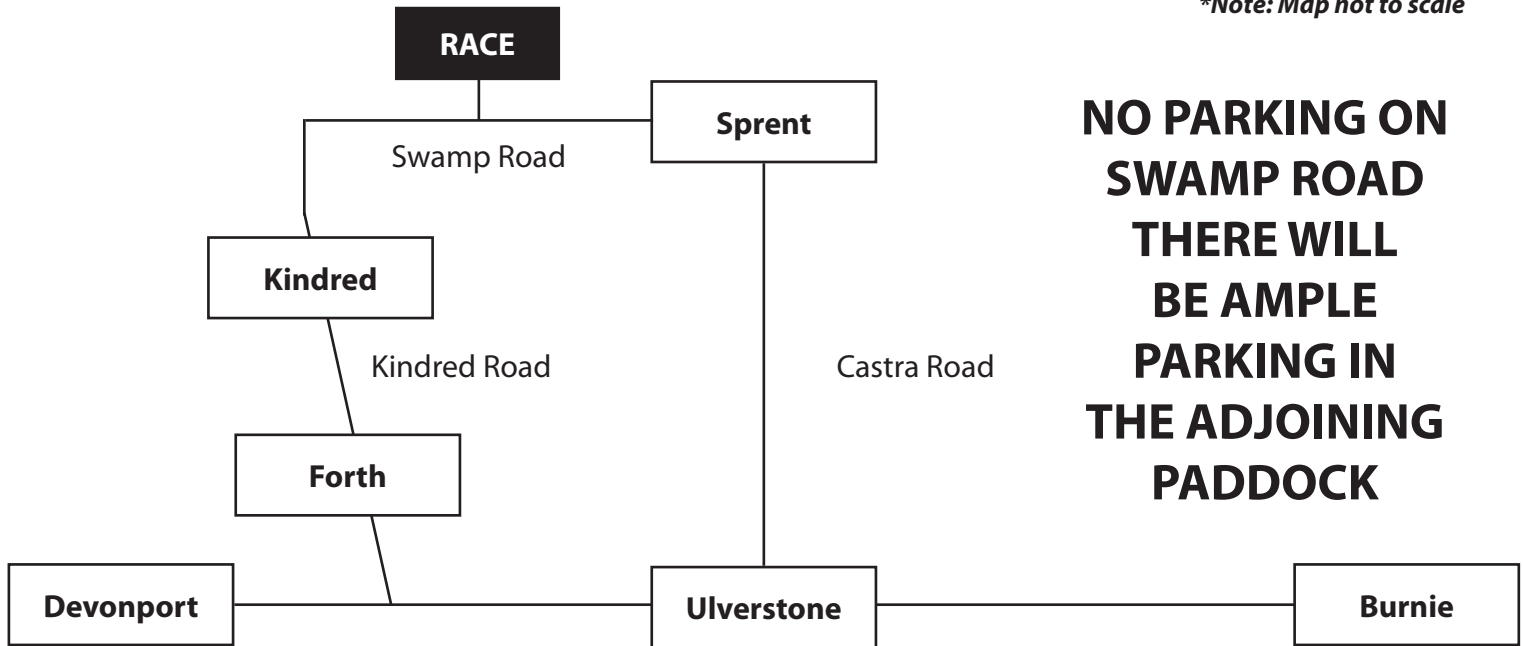

**Have you lost something?
Check at the van at the next race.**

Quads

Quads are to have clearly visible numbers on FRONT & REAR of their machines.

NEXT EVENT - SPRENT ENDURO

**Note: Map not to scale*

Saturday 21st June Juniors - all classes

Pewee / Trail C

Entries & Scrutineering: 8.00 – 9.00am
